

LETTER OF RECOMMENDATION

August 16, 2021

To Whom It May Concern:

I am writing to highly recommend Manasi Acharya, whom I had the pleasure of working with from 2019 to 2021. Manasi did an exceptional job on projects like Policy Excel Upload and Predictive Analysis for an Insurance client in TCS. Throughout my time as her Technical Lead, she has been a very productive and multi-skilled person with vast knowledge in domains like Oracle PL/SQL, ML modelling and automating data processes. She handled many tasks under me and delivered the changes with utmost precision and time-bound. She is careful, proactive, self-motivated, and an intelligent team player. She always used to get the job done, keeping in mind the customer's requirements. I would definitely recommend her for future roles in technology as she is a motivated and quick learner.

With kind regards,

Vishal Singh

Technical Lead, TCS BaNCS

To Whom It May Concern:

Manasi began her professional career in 2019 with IT - Insurance Domain - Technology at TCS and her growth has been striking. She has been an astounding, proficient asset to the team. With this demeanour, I am confident that she can rapidly adjust to any situation, fix the issues in the environment and make the framework more viable to work with. I was lucky to have an incredible associate like her around. Her technical abilities and proactive nature have made the user application and workplace better.
