

Freie Universität Berlin
Department of Mathematics and Computer Science

Grade Report

This document is not a graduation certificate. It merely provides an overview of the student's coursework and grades in their degree program at the time the document was generated.

All intermediary grades and credits listed here are tentative and subject to change until the student has officially graduated!

Please refer to the explanatory notes on the last page.

Last Name, First Name: Acharya, Manasi Madhav

Date of Birth: August 19, 1996

Student Number: 5580192

Place of Birth: Mumbai (India)

Master's Degree Program Data Science (standard time to degree 4 semesters, semesters spent in degree program 7) consisting of:

1. Data Science (0590b_MA120)

I. Coursework and exams completed in the degree program

Course and module titles in English may have been translated from the original language for this document. The language of instruction is not reflected here.

		Reference No.	Credits curr/max	Grade
1. Data Science			90 (65) / 120	2.0
Applied Machine Learning in Bioinformatics		0262cD1.12P	5 / 5	1.7
LV	Applied Practice Seminar: "Computer vision for biomedical images" (4 SWS), Summer 2024, Dr.Rer.Nat. Sören Lukassen	60103513		conf.
MP	"Applied Machine Learning in Bioinformatics", special term paper, examination date: Aug 15, 2024			1.7
Introduction to Profile Areas		0590bA1.1P	5 / 5	BE
LV	Project Seminar: "Projektseminar: Einführung in die Profilbereiche Data Science" (2 SWS), Winter 2022/23, Univ.-Prof. Dr. Katinka Wolter, Univ.-Prof. Dr. Katharina Jahn	19330212		conf.
LV	Lecture: "Einführung in die Profilbereiche Data Science" (2 SWS), Winter 2022/23, Univ.-Prof. Dr. Katinka Wolter, Univ.-Prof. Dr. Katharina Jahn	19330252		conf.

Statistics for Students of Data Science		0590bA1.2P	10 / 10	BE
LV	Lecture: "Statistics for Data Science" (2 SWS), Winter 2022/23, Henri Elad Altman	19330401		vol. part.
LV	Practice Seminar: "Übung zu Statistics for Data Science" (2 SWS), Winter 2022/23, Henri Elad Altman	19330402		conf.
MP	"Statistics for Students of Data Science", final examination, examination date: Feb 20, 2023			BE
Machine Learning for Data Science		0590bA1.3P	10 / 10	2.3
LV	Lecture: "Maschinelles Lernen für Data Science" (4 SWS), Winter 2022/23, Prof. Dr.-Ing. Grégoire Montavon	19330101		vol. part.
LV	Practice Seminar: "Übung zu Maschinelles Lernen Data Science" (2 SWS), Winter 2022/23, Prof. Dr.-Ing. Grégoire Montavon	19330102		conf.
MP	"Machine Learning for Data Science", final examination, examination date: Feb 16, 2023			2.3
Programming for Data Science		0590bA1.4P	5 / 5	BE
LV	Applied Practice Seminar: "Programming for Data Science" (2 SWS), Winter 2022/23, Dr. Sandro Andreotti	19330313		conf.
Ethical Foundations of Data Science		0590bB1.3P	5 / 5	BE
LV	"Practice Session on Human Centered Data Science" (2 SWS), Summer 2024, Univ.-Prof. Dr. Claudia Müller-Birn	19331102		conf.
Current Research Topics: Data Science in the Life Sciences		0590bB1.5P	5 / 5	2.7
LV	Lecture: "Self-Supervised Learning" (2 SWS), Winter 2023/24, Prof. Dr. Tim Landgraf	19334501		vol. part.
LV	Practice Seminar: "Practice Seminar for Self-supervised Learning" (2 SWS), Winter 2023/24, Manuel Heurich	19334502		conf.
MP	"Current Research Topics: Data Science in the Life Sciences", final examination, examination date: Feb 19, 2024			2.7
Seminar: Data Science in the Life Sciences (for Master's Students)		0590bB1.6P	5 / 5	1.0
LV	Seminar: "Seminar Deep Learning for biomedical applications" (2 SWS), Winter 2023/24, Prof. Dr. Vitaly Belik	19333611		conf.
MP	"Seminar: Data Science in the Life Sciences (for Master's Students)", combined written and oral exam, examination date: Mar 28, 2024, Exam topic "Hen Activity Tracking Using YOLO"			1.0
Software Project Data Science A		0590bB2.1P	10 / 10	1.7
LV	Project Seminar: "Software Project: Distributed Systems" (2 SWS), Winter 2023/24, Univ.-Prof. Dr. Katinka Wolter, Justus Purat	19315312		conf.
MP	"Software Project Data Science A", practical application test, examination date: Mar 31, 2024			1.7

(A) Special Aspects of Data Science Technologies	0590bB2.3P	5 / 5	3.7
--	------------	-------	-----

This module achievement was fulfilled by crediting the following equivalent achievement:

Special Aspects of Data Science Technologies		0590aB3.3P	5 / 5	3.7
LV	Lecture: "Advanced Data Visualization for Artificial Intelligence" (2 SWS), Summer 2024, PD Dr. Georges Hattab	19336901		vol. part.
LV	Practice Seminar: "Ü: Advanced Data Visualization for Artificial Intelligence" (2 SWS), Summer 2024, PD Dr. Georges Hattab	19336902		conf.
MP	"Special Aspects of Data Science Technologies" (0590aB3.3.3) final examination, PD Dr. Georges Hattab examination date: Jul 24, 2024			Grade: 3.7

Selected Topics in Data Science Technologies (A)	0590bB2.5P	10 / 10	2.0
--	------------	---------	-----

LV	Lecture: "Markovketten" (4 SWS), Summer 2023, Univ.-Prof. Dr. Katinka Wolter	19326601		vol. part.
LV	Practice Seminar: "Übung zu Markovketten" (2 SWS), Summer 2023, Univ.-Prof. Dr. Katinka Wolter, Justus Purat	19326602		conf.
MP	"Selected Topics in Data Science Technologies (A)", final examination, examination date: Jul 20, 2023			2.0

Seminar: Data Science Technology	0590bB2.7P	5 / 5	1.7
----------------------------------	------------	-------	-----

LV	Seminar: "Seminar: Markov Chains II" (2 SWS), Winter 2023/24, Univ.-Prof. Dr. Katinka Wolter	19319811		conf.
MP	"Seminar: Data Science Technology", combined written and oral exam, examination date: Feb 13, 2024			1.7

Software Project Data Science B	0590bB2.8P	10 / 10	2.0
---------------------------------	------------	---------	-----

LV	Project Seminar: "Softwareprojekt: Lab Machine Learning for Data Science" (2 SWS), Summer 2023, Prof. Dr.-Ing. Grégoire Montavon	19333912		conf.
MP	"Software Project Data Science B", practical application test, examination date: Jul 22, 2023, Exam topic "Analysis of customer data, chemistry data and image data"			2.0

II. Other coursework, examinations, or achievements

Special Aspects of Data Science in Life Sciences	0590bB1.4P	5 / 5	4.0
--	------------	-------	-----

LV	Lecture: "Analysis of Panel Data (S1)" (2 SWS), Summer 2023, Univ.-Prof. Dr. Jan Marcus	10143706		vol. part.
LV	Practice Seminar: "Analysis of Panel Data (S2)" (1 SWS), Summer 2023, Prof. Dr. Ana Tur Prats	10143711		vol. part.
MP	"Special Aspects of Data Science in Life Sciences", final examination, examination date: Aug 11, 2023			4.0

Annotations and explanations:

SWS	Semesterwochenstunden = contact hours per week
AP	Abschlussprüfung = final assessment
LV	Lehrveranstaltung = course
MP	Modulprüfung = module assessment
MTP	Modulteilprüfung = intermediary module assessment
LP	Leistungspunkte = credit points; Credit points correspond to the European Credit Transfer and Accumulation System (ECTS). The credit points received in the modules appear under "Credits current." The amount of the credit points accumulated in each part of the degree program appears first, followed by the graded credit points in brackets.
Note	1.0 - 1.5 very good; 1.6 - 2.5 good; 2.6 - 3.5 satisfactory; 3.6 - 4.0 sufficient; 4.1 - 5.0 insufficient / fail Non-graded achievements: BE Bestanden = PASS; NB Nicht bestanden = FAIL; ENB engültig nicht bestanden = definitively failed vol. part. = voluntary participation; conf. = regular participation is confirmed; n. conf. = regular participation is not confirmed
(A)	Anerkennung = academic recognition. This module has either not been completed within the Data Science degree program at Freie Universität Berlin, but accredited as equivalent coursework completed within another course of studies at Freie Universität Berlin or at another university or at another equivalent institution of higher education, or this module has been completed within Data Science at Freie Universität Berlin according to examination regulations that are no longer in force and has now been recognized as equivalent for the completion of the degree according to the current examination regulations. Coursework is recognized as equivalent if it essentially corresponds to the content, comprehensiveness, and requirements of study at Freie Universität Berlin. The same applies to career-related activities and other skills acquired outside of the university. If a module is indicated as "n.a." (instead of a grade), this means that the coursework has either not been graded or that a grading system was used that is not compatible with the grading system of Freie Universität Berlin.
LV (A)	This course has been completed within another module or course of studies at Freie Universität Berlin and has been credited as a course that is equivalent to this module.
